

Kidsilk Haze Circular Scarf

Designed by: Laura Zander
For Jimmy Beans Wool

I was inspired to knit this scarf by [Ann Norling](#) - though not a published pattern, she had knit one for herself and let me borrow it one afternoon when i was freezing to death. The scarf was knit in 5" sections... 1 section for each color, repeated twice. Naturally, the scarf is 60" long, but I've blocked the heck out of it and made it about 25% longer!
