

12 x 12 - inches  
finished block

### Fabric Requirements

- 4, 6 x 10 - inch assorted pink rectangles
- 1, 6 x 28 - inch white rectangle

### Cutting Instructions

From **each** 6 x 10 - inch assorted pink rectangle:

- Cut 2, 2 x 4<sup>3</sup>/<sub>4</sub> - inch rectangles
  - Cut 1, 4<sup>1</sup>/<sub>4</sub> x 4<sup>1</sup>/<sub>4</sub> - inch square
- Cut the 4<sup>1</sup>/<sub>4</sub> x 4<sup>1</sup>/<sub>4</sub> - inch square in half diagonally to yield 2 triangles as shown.

Keep like prints together.

From white rectangle:

- Cut 4, 1<sup>3</sup>/<sub>4</sub> x 4<sup>3</sup>/<sub>4</sub> - inch rectangles
  - Cut 4, 4<sup>1</sup>/<sub>4</sub> x 4<sup>1</sup>/<sub>4</sub> - inch squares
- Cut the 4, 4<sup>1</sup>/<sub>4</sub> x 4<sup>1</sup>/<sub>4</sub> - inch squares in half diagonally to yield 8 triangles as shown.

### Block Assembly

Use <sup>1</sup>/<sub>4</sub> - inch seam allowance throughout, a small stitch length, and press seams open.

For each block unit, you will need:

- 2, 2 x 4<sup>3</sup>/<sub>4</sub> - inch print rectangles,
- 2, matching print triangles,
- 1, 1<sup>3</sup>/<sub>4</sub> x 4<sup>3</sup>/<sub>4</sub> - inch white rectangle and
- 2, white triangles

- Sew a 2 x 4<sup>3</sup>/<sub>4</sub> - inch print rectangle to each side of a 1<sup>3</sup>/<sub>4</sub> x 4<sup>3</sup>/<sub>4</sub> - inch white rectangle as shown.

- Sew a triangle of the same print to each end.

- Trim sides of triangles even with center square.

- Sew a white triangle to the trimmed sides of the unit as shown.

- Trim blocks to  $\frac{1}{4}$  - inch beyond the seam intersections as shown. Blocks measure  $6\frac{1}{2}$  x  $6\frac{1}{2}$  - inches.

Make 4

- Arrange and sew the 4,  $6\frac{1}{2}$  x  $6\frac{1}{2}$  - inch pieces into a larger block as shown.

- Block measures  $12\frac{1}{2}$  x  $12\frac{1}{2}$ .
