

## Princess Bride Tube Scarf

Designed by Monika Evans

For Jimmy Beans Wool

This fun and easy-to-make Tube Scarf helps take some of the pain out of choosing which of the cute “Princess Bride”-themed colors to use for a quick project! The scarf is knit in the round with two colors of Shepherd Worsted in rodents... no, we mean stripes... of unusual size.

And the best part: Since the scarf is knit in the round, there are no ends to darn in... they all hide inside!

There are two versions: “Lovers” for fans of Westley and Buttercup, and “Fighters” for those of you who are just dying to say “Inconceivable - Prepare to Dye!”

Can't decide? Make one of each and share with your BFF!

We used an Addi Express knitting machine to make things even faster, but the scarf can also be knit with DPNs or a circular needle with a magic loop.

We truly hope you enjoy this knitting pattern! This pattern and the associated photographs are for personal non-commercial use and are not for resale. Please respect the people who worked to create this pattern and do not make copies. Thank you! Copyright 2014 Jimmy Beans Wool.

### **Finishing:**

Once scarf is the desired length, bind off all stitches.

For the **Lovers Version**, pull yarn tail through all bound-off stitches and pull tight, but don't cut off. Repeat the same with the cast-on edge. Make two pom-poms and attach them to the ends of the scarf with the tails, then secure them.

For the **Fighters Version**, cut 20 20-inch lengths of your favorite color, or 10 of each – you can alternate or use one color on each end of the scarf. Fold each length in half twice (4 strands); in even intervals, pull the last fold of each length through both layers of the scarf and pull the ends through the loop just created. When all fringe is attached, cut evenly along the bottom.
